

Facility Features

Located on a quiet and sunny thirty acres of Minnesota countryside, our facility features:

- Barn with twenty 11x12 stalls
- Indoor 60x90 arena
- Turnout paddocks
- Pasture turnouts with grass and water in summer, hay and warm water in winter
- Trails throughout adjacent woods
- Indoor wash rack
- Automatic fly misting
- Trailer storage on-site

See our insert for a full list of services and prices.

Medical Services

We have a vet, farrier and dentist all within ten miles of our facility who are available on call. We will meet with these individuals on your behalf when necessary. We also administer:

- Shots and oral medication
- Bandaging
- Deworming
- Other supplements you may supply

Why will your horse love Trail's End?

- We love horses. And we know how to care for them.
- We grow our own hay.
- We have our own riding trail.
- We thoughtfully group horses that we know will get along.
- We provide hay three times a day and check twice for water and grain.
- Our owner has medical training.

- We welcome horses of all breeds and riding disciplines.
- We'll send home photos of your horse.. and encourage you to come visit!

Our Story

Trail's End opened its pastures in 2000 on a quiet 30 acres outside Cambridge, Minnesota.

Our family-owned and operated facility specializes in full-service layups and retirement. We treat our animal residents like family - they enjoy home-grown hay, open pasture and local trails.

Rest assured that as a resident of Trail's End, your injured or retired horse will receive the attention and care it needs and deserves.

Our owners, Annette and George Haygood, have been riding and caring for horses their whole lives.
